Out to the light from the mist  
From the shadows I go  
Facing the new world the odd things  
The places unknown

Far away  
I sail away today

Seeing a new face impression  
The moment, the thought  
Unarmed and naked defendless  
My mind is caught

Far away  
It sails away today

Out of the shadows, we go  
There's no reason to hide anymore  
Out of the shadows, we go  
Into the new horizon towards the new shore, we go

Out of the shadows, we go  
There's no reason to hide anymore  
Out of the shadows, we go  
Into the new horizon towards the new shore, we go

Into the new horizon towards the new shore, we go
