"The Kiss Of Judas"

I hear footsteps closing in
I recognize them from my early days
The times are different, the image remains the same
Repeating back flashes, remembering the name

Approaching visions of things I can't recall
(Recall, recall)
A familiar smile awakes the pain
(Pain)

Unkept promises
The night awaits
The act of confidence
The kiss of Judas
I feel the lips on my cheek
The kiss of Judas
Haunts me once again

In your private chamber you're all alone
Well earned silver pieces falling to the floor
The flame of the candle casting movement to the wall
Your eyes filled with guilt keep staring at the door

Approaching visions of things I cant recall
(Recall, recall)
A familiar smile awakes the pain
(Pain)

Unkept promises
The night awaits
The act of confidence
The kiss of Judas
I feel the lips on my cheek
The kiss of Judas
Haunts me once again
Hey

Unkept promises
The night awaits
The act of confidence
The kiss of Judas
I feel the lips on my cheek

The kiss of Judas
Haunts me once again

Unkept promises
The night awaits
The act of confidence
The kiss of Judas
I feel the lips on my cheek
The kiss of Judas
Haunts me once again
