Music and words by Tolkki  
I'm entering in to the woods  
I left everything behind  
I have to follow my heart  
Don't know what I'm looking for  
Starlights guiding my way  
to old black oak where we meet  
now it's full moon  
other side is calling me  
singing dancing this is no dream  
Twilight Symphony  
The feast is going on

rapture never seen before  
the fury is taking us  
into a new level soon  
Hearing voices everywhere  
telling me what to do  
giving me answers  
other side is calling me  
singing dancing this is no dream  
Twilight Symphony  
The spirits are calling me  
I only wish to die  
there is no question why  
anymore
