Danger zone  
I look into the mirror  
See my face again

I hear myself preaching  
You are getting bold  
Growing old, skin turns cold

You're to blame  
But I will find the way to be  
Myself again

I break the mirror with a noise  
Stop preaching me  
Teaching me, live in me

There's no way to stop me now  
My end is in sight  
I reach for the light  
Tonight, tonight, tonight

Twilight time  
It's twilight time  
Reaching for a morning light  
It's twilight time

Twilight time  
It's twilight time  
Reaching for a morning light  
Twilight time

It's twilight time  
It's twilight time  
Reaching for a morning light  
It's twilight time

It's twilight time  
It's twilight time  
Reaching for a morning light

Twilight time
