New winds are blowing over the world, can you feel it?  
Message is spreading among all the people  
Future is calling, history is leaving behind  
Nobody is thinking about the past days

If you want to have a look in future world  
If you have an open mind, now it is your turn  
Come join our forces to this trip on the wings of  
tomorrow

Consider that this world could be free from all this  
hatred  
There would be no borders, no laws, any kind  
Still mankind is falling, planning it's ruin everyday  
But hey, we can still stop this madness together

If you want to have a look in future world  
If you have an open mind, now it is your turn  
Come join our forces to this trip on the wings of  
tomorrow

If you want to have a look in future world  
If you have an open mind, now it is your turn  
Come join our forces to this trip on the wings of  
tomorrow
