Strawbs - Do You Remember

Do you remember the day we met
How we made our way in fits and starts
Do you remember the day we met
How we played our roles in silent parts
Oh what a day we had
Oh what a day.

Do you remember the day we met
How we kissed the way they do in France
Do you remember the day we met
How we lost our tongues before the dance
Oh what a day we had
Oh what a day.

Photographs of junior high
Your hair was straight and so was I

Do you remember the day we met
How we scandalised the scripture class
Do you remember the day we met
How we walked away on broken glass
Oh what a day we had
Oh what a day
Oh what a day we had
Oh what a day.
