Strawbs - Just The Same In Every Way

At the gateway to my life you stood
The door was open wide
And even though I tried so hard
You would not step inside
You would not step inside

You're just the same in every way
As others I have known
I just don't want you round no more
I'd rather be alone
I'd rather be alone

I keep on hearing footsteps, on the stairs
Makes me think I made the grade
But they pass on by my empty room
And down the hall they fade
And down the hall they fade

You took all I had to give
And flung it back in my face
And what's the use of trying again
I have nothing left to waste
I have nothing left to waste
