Strawbs - Oh So Sleepy

I leave you with your head buried in the pillow  
Oh so sleepy, oh so sleepy  
As twisted as a knot, as tangled as a wire  
Burning like a coal on the open fire  
Oh so sleepy, oh so sleepy.

I talk to you in riddles of the drunken sailor  
Oh so sleepy, oh so sleepy  
As pretty as a rose, as bitter as a thorn  
A smear of virgin blood on the broken dawn  
Oh so sleepy, oh so sleepy.

Now did you hear the wind, did you ride the carousel  
Did you find the seaman's mission, only time can really  
tell  
Or do you see your future in the wishing well  
Oh so sleepy, oh so sleepy.

I brush you with a kiss as the moonlight murmurs  
Oh so sleepy, oh so sleepy  
As simple as defeat, as certain as a toy  
Crying like a girl with the future of a boy  
Oh so sleepy, oh so sleepy.
