Strawbs - On A Night Like This

Well, it was on a night like this
We made a vow
We knew could never miss
You and me
Meant to be
So free
On a night like this

Well, it was on a night like this
The stars looked down
It was a night of bliss
In a world
Of our own
So alone
On a night like this

And if ever I get to thinking back
On the good times we have had
I think of the days before I met you
And end up feeling sad

Well, it was on a night like this
We sealed our fate
With just a single kiss
In a world
Of extremes
Simple dreams
On a night like this
