Strawbs - Why

Mirror, mirror, speak the truth
I see my age but not my youth
Pride comes before a fall
The winner's eye is ever small.

Why
Why
Why
Why.

I realise it's not too late
... (?) a penny on the plate
... (?) I feel so free
So blind eyes can never see.

Why
Why
Why
Why.

I keep on sliding down the wall
Till I can't slide no more at all
I can't climb back, I never could
And I just won't try but I know I should.

Why
Why
Why
Why.
