Of all the things I've ever done  
Finding you will prove to be the most important one  
I would never trade the tears  
the conversations no one hears  
the learning how to walk before we run

Of all the kites I ever flew  
Most came tumbling down  
except the one I sent up with you  
I dont wanna change a thing  
break the spell or cut the string  
when every wish I make is coming true with you

Sometimes I forget to say how much I love you  
Purposely I bet cause I'm so busy thinking of you

So in this world of odds and ends  
I'd rather have a part of you than all of my so-called  
friends  
You have taught me how to feel  
What is false and what is real  
of all the things I ever wanna do  
I think I'll start and end with loving you

You have taught me how to feel  
What is false and what is real  
of all the things I ever wanna do  
I think I'll start and end with loving you
