Stray Cats
"Rockin' All Over The Place"

Well I can't believe my eyes am I losing my mind
I haven't seen you here for a long long time
Drinkin' and dancin' all night and all day
Hangin' real tough where the rockers play
I know I should have called but I spend every dime
I've been rock rock rocking all over the place
I've been rocking all over the place
From the city to the wide open space
I've been rocking all over the place
Well I never dropped out of the race
Well if you're looking for me just in case
I've been rock rock rocking all over the place

Well I ain't slept baby in a week or so
I hear a rockin' beat and I go go go go go
You saw me rockin' babe in every town
The nearest cheap joint is where I'll be found
I've been kicked out of every hole in the wall
From Hollywood to Niagara Falls

I've been rocking all over the place
From the city to the wide open space
I've been rocking all over the place
Well I don't even drop out of the race
Now if you're looking for me just in case
Man I've been rock rock rocking all over the place

I've been rocking all over the place
I've been rocking all over the place
Yeah I've been rocking all over the place
Yeah I've been rocking all over the place
Well if you're looking for me just in case
I've been rock rock rock rock rocking all over the place
