Hey , man , I don't feel like goin' to school no more

Me neither . They can't make you go . No you daddyo
yeah !

I ain't goin' to school it starts too early for me

Well listen man I ain't goin' to school no more it starts
much, much too early for me

I don't care about readin' , writin' , 'rithmetic or history

I'm gonna walk to the corner and meet my little Marie

I'm gonna walk to the corner and meet my little Marie

Well she's the only girl in this whole world who
understands me

Well she's sexy and seventeen

My little rock-roll queen

Acts a little bit obscene

Gotta let off a little steam

Dig that sound shake it around you're mine , mine ,
mine

Johnny and Eddie and me and Jimmy and Jack

Are gonna do a little number on the teacher when she
turns her back

We're gonna cut out of class , meet the girls by the
railroad track

Well ev'ry Friday night there's a band that you gotta
hear

Just a dollar ticket in and twenty-five cents a beer

They play rock and roll music like it hasn't been rocked
for years

Well she's sexy and seventeen

My little rock-roll queen

Acts a little bit obscene

Gotta let off a little steam

Dig that sound shake it around you're mine , mine ,
mine

Well when I hear that rockin' beat

I can't sit still up , out of my seat

come on Babe lets jump 'round your feet

Can't learn nothin' in school they don't teach you on the
street !

Wo-oh , wo-oh , baby I like your style

Wo-oh oh oh oh baby I like your style

You don't care what the other kids say , You go real
wild

Well you're sexy and seventeen

My little rock-roll queen

Acts a little bit obscene

Gotta let off a little steam

Dig that sound and shake it around you're mine , mine ,
mine

Dig that sound and shake it around you're mine , mine ,
mine

Dig that sound and shake it around you're mine , mine ,
mine
