You know  
You can be  
The first of  
This century  
To bleed through  
To find truth  
To know what  
You should do  
You know  
It could be  
Anything  
Sometimes (sometimes)  
You might find (you might find)  
A crack or (a crack or)  
A fault line (a fault line)  
But dressed down (but dressed down)  
Or made up (or made up)  
You'll find (you'll find)  
A real love (a real love)  
A place to  
Come home to  
At night  
So what did we pay for?  
And why did we care?  
What were we after?  
And why was it there?  
Desire gave way to a false sense of hope  
And we fell for the lie that its what we all chose  
And I yell to my friends  
It will all be okay  
But they didn't believe me  
They still dont today  
They never do anything they haven't before  
In the same solid room  
With no lock on the door  
And over and over and over again  
The same false solutions to all the same problems  
Scream why why, I cant understand  
Why the things that I do never go as I plan  
And the vultures begin  
Then some circle in

The dogs lay their teeth  
Bright white and gleaming  
But just hold yourself  
Barely begun  
So until then (?)  
Let's see what you've got(?)  
This wide open shot  
Take it or leave it  
Cause we're getting out  
We're getting out  
Of here  
And you'll never  
Find us again  
You'll never find us again
