It goes one for the treble, two for the bass  
Brace, Brace  
In your face

I said one for the treble, two for the bass  
Brace, Brace  
In your face

I said one for the treble, two for the bass  
huh huh, huh

I said, I said, I said one for the treble, two for the bass  
Come on Acey, let's rock this place

Aceyalone:

Now I am the man, yes I'm only the man  
and when it's time expand  
I'll chop my way to the center and I'll stand  
feet first, me first  
baby, bubba  
let me show you what it all boils down to  
I'll tap that ???? clown you  
now you know the half  
pullin' their wigs completly off they scalps  
writin' and recitin' is the easy part  
to have a little style is the hard part  
I'm moving like an aardvark  
screamin all your marks from the jump start  
I'm ready after dark so spark  
up an L, now what the hell?  
you've been here before, you know how it goes

Abstract Rude:

Actually, I've found the key to my survival  
now I'm liable to do anything to come up up and about  
well I can get in it and I can get wild  
I can get up, I can get out, I can get around with style  
Well, I've been rhyiming since '84 when I was a child  
I was good then, now I'm good, now I'm a be real good  
for a while (Abstract)  
And Aceyalone on the microphone, service you

Rude)
