Your name here, believe me its not what you think
Wish what you want, its over same to me
Well, not really, but anyway
Its just nothing so simple,
Nothing so silly
Nothing so mundane

Chorus

Go east on Sunrise Highway
Turn left at Carmen's Avenue
Go right at the first stoplight
And 'll be outside waiting for you
Ohh, I'll be waiting for you
Your name in lights, it was only a matter of time
Your name in parenthesis, you cant see
'cause after this mess, I guess you bet
That I'd collapse before you do
Well maybe that's true, or maybe its not at all

Chorus

Break
