Computer Eyes (Stream Of Passion Version)

[Ayreon cover]

[Marcela:]

Lost in a world created by man

I can't recall how it all began

Tell me who am I?

[Diana:] Tell me who am I?

[Marcela:] Tell me who am I?

[Marcela:]

Fictional stars in lost galaxies

Synthetic dreams and false memories

Is it all a lie?

[Diana:] Is it all a lie?

[Marcela:] Is it all a lie?

[Marcela:] There is no escape

[Diana:] There is no way out of here

[Marcela:] I'm locked in this universe

[Diana:] The real world will disappear

[Marcela:] Where fantasy dies

[Diana:] You will see our dreams

[Marcela & Diana:]

Materialize

Computer eyes

[Marcela:]

Virtual reality - computer override

Actual fantasy - locked away inside

[Diana:]

Am I no more than a program

An artificial dream?

A river of electrons flowing with the stream

[Marcela:]

A parallel dimension, battle simulations

Mind over matter, brain stimulation

[Diana:]

I don't know if I exist, I think therefore I am

Without emotions I'm but a hologram

[Marcela:]

There is no escape

I'm locked in this universe

[Marcela & Diana:]

Where fantasy dies
