Open Your Eyes

[Verse 1]

Tell me what I could have said or done to hold you  
back?

All the love I gave was not enough... forever I'll walk  
alone.

[Pre-Chorus]

My body froze as I saw you fall (falling down).  
One single step saw you give your heart to the Earth,  
down below.

[Chorus]

Open your eyes, open your eyes,  
Open your eyes and look at me, I'm alone here.  
Open your eyes, open your eyes,  
Open your eyes and look at me, I'm alone here.

[Verse 2]

All at once the wind has changed its song to a wailing  
cry;  
As it seems to call my name I know forever I walk alone.

[Pre-Chorus]

My body froze as I saw you fall (falling down).  
One single step saw you give your heart to the Earth,  
down below.
