And so she wakes up
In time to break down
She left a note up on the dresser
And she's right on time
You don't know anything
Right or wrong
I said I know
And she said so
I wanna panic
But I've had it so I go
You don't owe anything to anyone

But don't take your life
'cause it's all that you've got
You'd be better off just up and leaving
If you don't think they will stop

And when you wake up
Everything is gonna be fine
I guarantee that you wake in a better place
In a better time
So you're tired of living
Feel like you might give in
Well don't
It's not your time

Looking through the paper today
Looking for a specific page
Don't wanna find her full name followed by dates
Because when i left her alone
She made a sound, like a moan
"You're known by everyone for everything you've done"
Fuck buying flowers for graves
I'd rather buy you a one way non-stop
To anywhere
Find anyone
Do anything
Forget and start again, love
She said she won't go
(and that's that)
It hurts too much to stand by

You've got to stop and draw a line
Everyone here has to choose a side tonight
The moment of truth is haunting you
Don't forget your family
Regardless what you choose to do
You can't decide
And they're screaming "why won't you?"
I'll start the engine but I can't take this ride for you
I'll draw your bath and I'll load your gun
But I hope so bad that you bathe and hunt

Annie's tired of forgetting about today
And always planning for tomorrow (tomorrow)
Tomorrow and she says, "The saddest day I came
across was
When I learned that life goes on without me" (without
me)
Without me and she says, "If everyone has someone
else,
Then I ain't got nobody's love to save me" (save me)
Save me, and she says "I think I'll pass away tonight,
'cause it seems I'll never get it right, it's just me" (just
reality)

And when you wake up
Everything is gonna be fine
Guarantee that you wake in a better place
In a better time
So you're tired of living
Feel like you might give in
Well don't
It's not your time

Annie says she wouldn't mind
If they never find a cure for all her problems (her
problems)
Problems and she says, as long as she has someone
near to make it clear
She does not need to solve them (solve them)
Solve them and she says, "oh, this loneliness is killing
me,
It's filling me with anger and resentment (resentment)
Resentment and she says, "I'm turning into someone
that I never thought I'd have to be again"

And when you wake up
Everything is gonna be fine
Guarantee that you wake up in a better place
In a better time
So you're tired of living
Feel like you might give in

Well don't
It's not your time

And even if it was so
I wouldn't let you go
You could run run run run but I will follow close
Someday you will say "that's it, that's all"
But I'll be waiting there with open arms to break your
fall
I know that you think that you're on your own
But just know that I'm here
And I'll lead you home
If you let me
She said "forget me"
But I can't
