### "Look At Me"

I looked at myself in the mirror  
Oh, I say "Not bad"  
Feelin' really weird  
It's so hard when you're sad  
I been asking myself  
For some time if I like  
I been dealing heavy  
Heavy, so down I could cry

First in my life I feel fear, I feel fear for me  
I never, I never faced you, much less me  
Well I can't believe that I'm fakin' inside  
So many many misunderstandings I could die  
I could die (I could die)

Look at me, look at me  
I'm as helpless as I can be  
Look at you, look at you  
I bet you don't know what I was goin' through  
Look at them, look at them  
Yeah, I called you my friend  
Look at us, look at us  
Well it comes as such a bust  
Comes as such a bust

Well I got me one night  
And I really wanna thank you thank you  
Yeah, I guess I really don't have to know  
What you want I must do  
I gotta get to myself, I can't breathe underground  
I can't waste my time livin' in the lost and found  
Lost and found

Look at me  
Look at me, look at me  
I'm as helpless as I can be  
Look at you, look at you  
I bet you don't know what I was goin' through  
Look at them, look at them  
I thought you were my friend  
Look at us, look at us

Well it comes as such a bust  
Comes as such a bust
