I am your host for the evening  
Don't take the bullet out- leave it in  
Intoxicate me til I'm bleedin gin  
And I still walk straighter than them thieving  
Men  
5 million ways to ho- choose one  
Consider this game to go- use some  
Stockbrokers pace the floor and do some  
State fellatio and ooh um  
Ay man fuck them Federallies  
Muthafuckas can't get enough bread at  
Rally's  
Bringin white girl through Mexicali  
Homies come up and got dead in alleys  
Cocaine, soda and H2O  
Tryin to make the dough

Of the

My heartbeat vacillates to a faster rate  
Thinking bout bills and scratch to make  
Muthafuckas work til our back is ached  
But calculate what massa take  
Revolution Rock on acetate  
They seein how much our ass'll take  
How much money can them bastards  
Make?  
We gon wrestle fate  
Tell em pass the cake  
Some get drunk of Jack and baked  
Yack in the back  
Come back and drank

Some just mentally masturbate  
Won't graduate from class debate  
Point forty-four is the calibrate  
But they'll replace it if we assassinate  
Fuck big biz and their magistrates  
Explode on the scene and smash the state
