Check it out, Down Low is back, we're gonna get real  
smooth with you  
Many people don't know what's goin' on out there  
We're goin break down real slow, and we're goin to  
keep it real  
I got my boy Mike fellow get down for you  
Check it out, c'mon!

Last night, I saw you walking with your man, yeayeah  
I thought he was blessed to be the one to hold your  
hand, yeah  
Oooh, baby, how I wish to take his place, to feel your  
warm embrace  
To be with you, would be a dream come true, I never do  
you harm but you're in someone elses arms

Eeeeh, I want to get next to you (next to you)  
There's nothing in this world that I wouldn't do for  
you  
Eeeeh, I wanna hold you close to me, can't you see?  
Baby, why won't you roll with me? Tell me

Yo, you know it's one more person on this track that  
need to come to get down to  
LaMazz, step up to the mic (ooh) and show these  
people what you're all about  
Are you ready man? Give it to them, Here we go, Uh

Ooooh, girl I really know you love your man, heeeh, but I  
want you in my life, can't you understand?  
Baby, I really want you in my world, as my loving girl  
When it's cold outside, you'll be by my side  
I keep you warm, but you're in someone elses arms

Eeeeh, I want to get next to you (next to you)  
There's nothing in this world that I wouldn't do for  
you  
Eeeeh, I wanna hold you close to me, can't you  
seeBaby, why won't you roll with me? Tell me

Why can't I get with you?

Just imagine all the things that we could do!  
Why don't you hear my cries?  
I would love you so right, all thru night, to the early  
mon,  
But you're in someone elses arms

There's nothing in this world that I wouldn't do for  
you  
Eeeeh, I wanna hold you close to me, can't you  
seeBaby, why won't you roll with me? Tell me  
Eeeeh, I want to get next to you (next to you)  
There's nothing in this world that I wouldn't do for  
you  
Eeeeh, I wanna hold you close to me, can't you see?  
Baby, why won't you roll with me? Tell me
