You're just too damn vain for me girl
Playing in a different league from me girl
I ain't even trying to speak girl
You ain't playing right

Kano:
Once upon a time I was on a chick
She was on 'im but I knew that she was full of shit
She knew she was fine, she knew she was fit
I linked her, she said she was on, but she was on my
dick

It was all a game, it was all a trick
I'll never fall for it again, that's out of order b'
I should'a cooled it, but now I'm cool
I boom, bounce back but a fool, old school, watch her
come running back

I ain't a player, I crush a lot
I'm like pull a lot
Plus I got like a hundred gash
And you ain't one of em

I like to have fun when I'm done with em
Plus I knows you like my songs cos you was humming
em
But you're a teaser playing games cuz im a cheater
You really think you're the 2004 Mona Lisa

You ain't Beyonce
You ain't either
Come down from cloud nine
You really think you're a diva

You're just too damn vain for me girl
Playing in a different league from me girl
I ain't even trying to speak girl
You ain't playing right

You're just too damn vain for me girl
Playing in a different league from me girl

I ain't even trying to speak girl
You ain't playing right

Donae'o:
Yeah uh
You might be buff and all that
Doing your stuff and all that
But I don't care enough and all that
Cos I got a girl

And the reason for me being so stush is easily
reasoned
Cos for me being heathen, simply it ain't needed

And just because you got double Ds
Don't mean you can trouble me
Those sausage lips they've got to get, get got some
girls not with it
But the guy there he's hot for it
Go check for him he's next to kim
He's into airhead, skin and bone
But that's not for me I like big and bold

Mike Skinner:
Since I've been thinking deeply
I might try to see
About maybe going down to get my ears pierced
It's a slightly different style for me
Than the one I was unroathed and like usually
I'm told it will prepare my mind surely
For having a wifey four timely a week
You know know how to deal with pain like I fought see
And of course you're required to buy jewelry

You're just too damn vain for me girl
Playing in a different league from me girl
I ain't even trying to speak girl
You ain't playing right

You're just too damn vain for me girl
Playing in a different league from me girl
I ain't even trying to speak girl
You ain't playing right

Lady Sovereign:
I saw u lookin at me Oi what are you turning away for
man diz is shite ur
lyk a sparrow dat dnt work u dnt chirps ur a boy

Anyway, yo,

And I fink I'm nice
I know I'm nice
Cos your eyes look twice
Up down left right
Left right left right

Was wearing baggy jeans and a tight top
Cleavage tryin to show im den i saw sumfin in his
trousers growin
And I know you was looking at me
Cos the girls behind me were looking off key
Don' I know this
You're just a sparrow
That really don't work cos u not chirps, boy you're
hopeless

Tinchy Stryder:
She's one of them girls who knows she's looking more
than nice
Even on a bad day I'm looking more than twice
Her eyes - it's like they're hypnotising all these guys
Meanwhile although she's calling shots - no surprise
In her head she knows it - that cos of her they fantasize
So she controls it those mind games with other guys
But I don't care if she's buff and that
She ain't gonna get no love from me
She's just another girl to me
I'm Strider man thats that

You're just too damn vain for me girl
Playing in a different league from me girl
I ain't even trying to speak girl
You ain't playing right

You're just too damn vain for me girl
Playing in a different league from me girl
I ain't even trying to speak girl
You ain't playing right
