Why do you cry when you know how the story ends?  
How can you laugh when you know that it hurts your  
friends?  
We've all been there once but you never left  
This is me coming back, back to get you out

To say goodbye to make amends  
I'm not leaving this place unless I'm leaving with you  
You're the only person with a half decent heart here  
And I know you will put it to use

Until it's gone, gone, gone  
Gone, gone, gone  
Gone, gone, gone, gone, gone, yeah

Na na na  
Na na na  
Na na na

And as you close your eyes for the big sleep  
I hope you think of me

Na na na  
Na na na  
Na na na

And if you go, I'll be gone  
And you'll be left alone to live your life, as you please  
But someday you'll agree  
That I was always meant for you

You were always meant for me  
And you will see that you're impossible  
You're impossible, you're impossible  
You're impossible

Me and Mr. Dylan on the ride home  
We had a heart to heart about life  
But neither him or me could decide for ourselves  
If we wanted to outlive that night

Like two children on the playground of the

unconfessed souls  
Abandoned by our mothers and our lovers and our  
foes  
If only we were brave enough to live the lives we stole  
What a wonderful world this could be

Na na na  
Na na na  
Na na na

And as you close your eyes for the big sleep  
I hope you think of me

Na na na  
Na na na  
Na na na

And if you go, I'll be gone  
And you'll be left alone to live your life, as you please  
But someday you'll agree  
That I was always meant for you

You were always meant for me  
And you will see that you're impossible  
You're impossible, you're impossible  
You're impossible

So how many more examples until we break?  
So how many sacrifices must we make?  
Because we've all been there once before  
And it looks like we've returned once more  
Is this the beginning or the end?

The last two soldiers on the battlefield  
Survivors of the war  
They aim at one another while their mothers beg the  
Lord  
"If you're listening, I'm missing him  
So somehow bring him home, how did it come to this?"

So the soldiers lift their rifles, they're aiming at the  
head  
They think of their first love before they take their final  
breaths  
And somewhere in the distance they hear something  
someone said  
"How did it come to this?"

And as you close your eyes for the big sleep  
I hope you think of me, yeah

Na na na  
Na na na  
Na na na

And as you close your eyes for the big sleep  
I hope you think of me

Na na na  
Na na na  
Na na na
