If you don't like what's going down
You need to change something 'round
And what you can't change
You've got to change the way you thought about

If you don't like what's going down
You need to change something 'round
And what you can't change
You've got to change the way you thought about

Two days before I finally snap from bumped a gig
I was being a twat, the bass player behind the scenes
Yo cap, he's Belgium, another bright screaming gang
Johnny drum machine peeps, leaving trailing gaps
Putting face cream on between the breaks and tracks

I needed to stop this, draw the last of my ways
20 minutes to go the floor manager says
Been a long summer sure spanned an age
I wanna dry my eyes and Call the band on the stage
Dead silence, not very nice to feel so depressed and
violent

If you don't like what's going down
You need to change something 'round
And what you can't change
You've got to change the way you thought about

If you don't like what's going down
You need to change something 'round
And what you can't change
You've got to change the way you thought about

Down the day before the crash
The streets hats were made by Warner staff
Thought they were fakes, not thought to ask
So I tirade the audience, found under the stage
But I'd only just spoken Ted Mayhem
Had never seen me so darn broken

The very next day in bed in London with a girl
I have little memory of, unable to feel anything much

Which was the reason why I bought my first suit
But wasn't thinking at that bit on stage
The Fake Streets Hats were actually not fake

If you don't like what's going down
You need to change something 'round
And what you can't change
You've got to change the way you thought about

If you don't like what's going down
You need to change something 'round
And what you can't change
You've got to change the way you thought about

If you don't like what's going down
You need to change something 'round
And what you can't change
You've got to change the way you thought about

If you don't like what's going down
You need to change something 'round
And what you can't change
You've got to change the way you thought about
