Everybody do the dodo  
Everybody do the dodo  
Everybody do the dodo  
Everybody do the dodo  
Everybody do the dodo  
Everybody do  
Everyone's gotta do the dodo

It's not earth that's in trouble  
It's the people that live on it, no, no  
Earth'll be here long after we've all gone  
The way of the dodo

It's not earth that's in trouble  
It's the people that live on it, no, no  
Earth'll be here long after we've all gone  
The way of the dodo

I can't imagine the day when things  
Have actually faded away  
But the day I may not be able to pay  
My way could be today

It's not that I don't care, just that I'm way too  
Caught up with breathing air  
To grieve for the trees and air  
Or how breathable air is

You go first, I'll follow suit  
Make the mistakes I'd probably make  
I'm right behind you but don't expect me  
To ride like it's a race

'Cause you'll be back there picking scraps  
While I'm Mr. Mug, do gooding around  
And I've lost my rank and base  
I've got to manage my little space

It's not earth that's in trouble  
It's the people that live on it, no, no  
Earth'll be here long after we've all gone  
The way of the dodo

It's not earth that's in trouble  
It's the people that live on it, no, no  
Earth'll be here long after we've all gone  
The way of the dodo

I'm not a stereotypical give you what I want  
When I want it with a big cherry on it  
Just another brother trying to love my son and mother  
Providing for my wife is the vibe I'm on in life  
I might well starve, that's what would happen  
If I started off this march

It's not my world but I'm in it to win it  
Put it in the bin if you push it, listen  
Let's all start at the same point  
Following rules equally losing

Tell me if it does, I wish it be true  
But never gonna happen, we are not equal  
For the kids let's make the rules  
But I saw the film and hated the sequel

It's not earth that's in trouble  
It's the people that live on it, no, no  
Earth'll be here long after we've all gone  
The way of the dodo

It's not earth that's in trouble  
It's the people that live on it, no, no  
Earth'll be here long after we've all gone  
The way of the dodo

Everybody do the dodo

You and me are family, pass the love round, then back  
to me  
Two and three, that's the feeling  
Scramble for the top, for the bottom of the ceiling  
Conspiracy theories, we all hear these  
We will seal the deal, we will seal the deal

If you don't know where you're going  
Then any road will take you there  
If you don't know where you're going  
Then any road will take you there  
If you don't know where you're going  
Then any road will take you there  
We do not know where we're going, any road

It's not earth that's in trouble

It's the people that live on it, no, no  
Earth'll be here long after we've all gone  
The way of the dodo

It's not earth that's in trouble  
It's the people that live on it, no, no  
Earth'll be here long after we've all gone  
The way of the dodo

These are my wings, this is my beak
