Hook: Butch Cassidy

Get your hustle on  
Gettin' money just can't be wrong  
If you feel me, get your party on  
Make it happen, don't wait too long  
Do the hustle (Hustle)  
Do the hustle (Hustle)  
Do the hustle (Hustle)  
Do the hustle (Hustle)

Chorus: Butch Cassidy

I'm on the grind like day and night  
Step in my way, I'm taking flight  
Hustlin's the pain I'll do for life  
Me and my dawgs, we do it right  
I'll kick down the door, gimme mines and more  
Just won't stop, cause I need it all  
The heinas that I roll it, they even ball  
I don't care how you get it, girl, bring it when I'm  
Gone

[Verse 1: Down]

I'm a boss  
Like the homie Snoop Dogg, yeah, I Paid Tha Cost  
I been hustlin since way, way back  
I used to be broke, and I'm never going back (Yeah)  
Now I'm doin' big thangs, big chains, big rings  
I'm a brown king, girl's down to do anything  
(Anything?)  
Five cellphones blowin' up  
You know my name, Ese Down, yeah I'm blowin' up  
Don't hate  
I know you could do it too  
If you hustle and work, you better find somethin' new  
Don't sleep  
Cause the game don't wait  
You could hustle in a circle, so you better keep straight  
And I work for myself, work hard for my wealth  
You could see, for yourself, see, you jockin' my wealth  
If you hustle hard, you could get it  
But if you tryin' to take mine

Got the heat, so forget it, fool  
Y (???)

Repeat Chorus
