I'm so scared that you will see
All the weakness inside of me
I'm so scared of letting go
That the pain I've had will show
I know you want to hear me speak
But I'm afraid that if I start to
I'll never stop
(Chorus)
I want you to know
You belong in my life
I love the hope
I see in your eyes
For you I would fly
At least I would try
For you I'd save
The last flight out
I'm afraid that you will leave
As my secrets have been revealed
In my dreams you'll always stay
Every breathing moment from now
Will you believe me in what I say?
Will you refuse me if I tell you?
Cause I'll never stop
(Chorus)
I want you to know
You belong in my life
I love the hope
I see in your eyes
For you I would fly
At least I would try
For you I'd save
The last flight out
I cannot hold back the truth no more
I've let you wait to long
Although it's hard and scares me so
A life without you scares me more
Scares me more
Ohh ohh
For you I take the last flight out
For you I take ohh ohh
(Chorus)

I want you to know
You belong in my life
I love the hope
I see in your eyes
For you I would fly
At least I would try
For you I'd take
The last flight out
