Ko'ntarishib tugunlarini,
Kelib endi uyga sovchilar,
So'zga chechan, avrashga usta,
Biroz ayyor, biroz lofchilar,
Choy ichishgach bir piyoladan,
So'z ochishdi kuyov boladan,
Musichadek beozor, yuvosh,
Tili shirin, zo'r qaynonadan!

Qiz boladur palaxmon toshi!
Men nima ham qila olaman-
Man-man-man-man?
Kelin bo'lay, bor alamimni
O'sha bezoridan olaman-
Man-man-man-man! (2x)

Sar hunarmand, mulla deyishdi
G'irt bezori bolalarini,
Obro'sini ro'kach qilishdi,
So'ng - ammayu xolalarini.
Erkagina jayron edim-a,
Tillo zanjir solib ketishdi,
Aylantirib onam boshini,
Mening boshim bog'lab ketishdi.

Qiz boladur palaxmon toshi!
Men nima ham qila olaman-
Man-man-man-man?
Kelin bo'lay, bor alamimni
O'sha bezoridan olaman-
Man-man-man-man! (2x)
