[Optamus]

My stomach hurts and my eyes are itchy
It might as well be Sunday yet it's time for a sickie
Been doing this stuff until the sun comes up
Until I'm wondering what happened to the night is
young
My head's pounding, feeling like my brain's gonna
blow
The pain off the do' from a lack of H2O
I got the know how, but never been this silly
Crawled into bed yet it's spinning, yeah I'm getting
dizzy

[Drapht]

"Is he dead?" Nah I'm on the edge, give me some
space
"Want some bread?" Nah just some water for my face
It's another day wasted, don't want to face the sunlight
Hard to run for cover like soldiers in a gun fight
One night, two days, might live to three more
Going through ups and downs like kids on a see saw
C4 strapped to my head about to explode
A kamikaze mission on the road getting messed up

[Hook - x2]

We went too hard and then we went in too late
We missed a whole night's sleep and I'm up today
You're gonna pay for it!

[Shahbaz]

Yeah I payed for it, I'm out of pocket
I shouldn't have had those, I should have dropped it
It's early morning, I'm running out of topics
I told myself I wasn't gonna do this, but since I'm out
screw this
Everyone is having fun, I want to have some fun too
I want to have one, two or maybe three
Depends on my currency, currently anxiety
Has got the best of me, now it's morning
I'm looking at this girl last night, we were talking in our
own world

Now it's weird - she can't conversate, or keep a straight
face
I think what you had baby - it was laced
Oh well it's too late, or should I say daybreak
Mayday, mayday, alphabetic J aye
I think I'm gonna crash land in a bad state
I'm out of control, I can't hold a simple conversation
What was I saying again? "Something about the drinks"
That's right, getting pissed is not enough anymore
Let me make a call, I want to taste it, I want one more

[Hook - x2]

[DJ Armee]

Half wasted rack, ounce is full packed
The adrenaline is setting in, dilated ephedrine
Phentermine dream, obscene rock fiend
Haven't slept in two moons but mine's stuck on the
same tune

[Scratches]

"I represent from midnight to high noon"
