Ha ha ha ha!

Violence; and screaming and flames'a'burning,
On the inside,
Placidity, stupidity, crazy insanity,
But he won't die.

He has thoughts of death and despoiled horror,
Flashing images of fear and terror,
Twisted, sickening, spasming lunatic,
The sentient being with a mind fast and sick.

Rocking fiercely in a wooden chair,
There's a guy gunna kill me over there,
There's a devil with sharpened teeth,
And snakes for hair...

Chorus

They're all gunna kill me,
Gotta kill them first,
Strike first, strike hard, and strike to kill,
Maybe now I should take that final pill.

Murder, suicide, homicide,
Human pesticide,
Kill or die, with wings of fire we fly,
Don't breath, sigh, cry or you DIE.

Drugs fuel the psychotic mind,
Images moving side to side,
I am God now what should I do,
Pull the trigger or release you.

The moon is looking at me with mocking eyes,
It says "kill them, you loser" and I say "lies!"
I'll kill who I please,
Mistress of the Sky,
Murder them all then it's suicide!

Chorus.

Kill, kill, kill....
I'm bleeding,
Oh My God I'm bleeding,
I'm bleeding,
God Help Me I'm Bleeding...

Oh wait, no I'm not...
