Seeing changes in myself, I just can't believe
Experiencing my life with my heart on my sleeve
Open to this brand new world, I turn my soul inside out
Complete exposure, erasing any sense of doubt

Whoa, now it seems so clear to me
Whoa, this is the way I want to be
So I put my trust in you
Please help me see this, see this through
Please help me see this through

Experiencing feelings that I've never felt before
Taking chances, going for so much more
Heart is pounding, pulse is racing
Confidence building in all I'm facing
Now I know I'll never break down

Whoa, now it seems so clear to me
Whoa, this is the way I want to be
So I put my trust in you
Please help me see this, see this through
Please help me see this through

[Incomprehensible]

Now it seems so clear to me
This is the way I want to be
So I put my trust in you
Please help me see this through

Now it seems so clear
