Sometimes I'd like to punch you in the mouth
Just to keep you from talking so loud
And sometimes I'd like to wring your little neck
So maybe just, maybe you'd forget

To be so selfish all the time and wasting all my time
with your words
I can't hear you when you scream so loud
And I can't see you when you throw another fit
It's just another heartache for me to endure

My back is breaking, my knees are on the floor
Afraid to say what's on my mind
I've played that fool so many times
And I don't wanna play that game anymore

So before you take your final blow
There's one thing that you should know
I tried to keep this painless for way too long
I always hoped you'd see although you never could,
you never could

No easy answers for the way things go
And if the pain doesn't kill you
It can only make you grow
It can only make you grow
