Our numbers are growing stronger, can't ignore us any longer

Old school to new tell your crew

We've got a long way to go before we're through

But together, we'll make them hear our voice

Raise your fist, make a stand

This time we'll make them understand

The kids are growing stronger

Our voices our getting louder

The only difference is their weakness

We'll make the difference raise your fist right now

Can you be strong? Can you hold on?

Raise your fist right now
