This thing of ours, it's gone world wide
The kids are here they're by our side
So light the torch we're on our way
All together

Everywhere around the world
Every boy and every girl
It's in our blood, it's in our soul
No matter your age

Many wonder why
Few will ever understand
This is what I love
And this is who I am
Hey, hey, hey

Many wonder why
Few will ever understand
This is what I love
And this is who I am
Hey, hey, hey

We'll make this life with all our strength
Come fight with us and go the length
Let's carry out this destiny
We'll scream and shout, we'll make them see

Everywhere around the world
Every boy and every girl
It's in our blood, it's in our soul
No matter your age, your age

No matter your

Many wonder why
Few will ever understand
This is what I love
And this is who I am
Hey, hey, hey

Many wonder why
Few will ever understand

This is what I love
And this is who I am
Hey, hey, hey

We'll make this life with all our strength
Come fight with us and go the length
And go the length

Everywhere around the world
Every boy and every girl
It's in our blood, it's in our souls
No matter your age

Everywhere around the world
Every boy and every girl
It's in our blood, it's in our souls
No matter your age
No matter your age
