Tonight I looked at you and you smiled.  
Will this feeling last forever?  
Will it die and fade away?  
Is this all that we'll share?  
I'll pour my heart out if you'll stay  
And there's a chance that you might say  
"this could be never-ending."

Through all these years  
The sweat and tears,  
And now it comes to this.  
I can't see that  
The rituals of my life define me.  
No words can express  
How you're losing faith in me,  
And I'm losing strength from you.

[Chorus]  
I tried, you cried,  
we said we'd try so hard.  
It only goes so far,  
Will we make a dent  
Or will we only leave a scar?

I can't believe that you turn your back  
On everything you promised me.  
I can't believe that I turned my back  
And now you've erased me.  
I can't believe that I turned my back.  
I always knew that you'd turn your back.  
And so it goes, well I suppose,  
Its time, its time to move along now.  
Times have changed and  
Faces rearranged  
Now you sing another song.

[Chorus]

That night I looked at you and you smiled.  
The feeling's gone forever,  
It's been replaced with something new.  
There's nothing more for us to do.

I gave you everything that I had  
And after all that we've been through,  
This could be never-ending.

[Chorus]
