it's okay for me to say i love you  
and it's okay for you to cry  
the sorrow that you are feeling you should not deny  
so why is it so trying to express the way i feel?  
just one moment you steal  
just one moment  
just one  
just one moment  
just one  
just one moment you steal(2x)  
i still care and i still feel  
time and again  
it's all too real  
separate and detached  
myself i was running from all the pain i felt I was  
questioning the way I am and the things with which i've  
dealt  
somewhere in the foothills of my mind  
i know my ways just aren't right  
they're not right  
so i'll shrug it off and wear a grin  
i'll carry on and just pretend  
i still care  
i still feel  
time and again  
it's all too real
