You're a happy accident
I'd call you fate or heaven sent
You leave me shaky and disturbed
I'd rehearsed a way to be
Now you've reinvented me
Lately I've been lost for words

And if I'm stupid
Well I'll blame cupid for you and me
'Cause I guess that we belong

You're all that I want, you're all that I need
And I know that I'd give you everything
You're all that I want, you're all that I need
And you know I want you always with me

Oh, you make me think of mercury
And I want to drink till I can't see
I wish you were less like a lullaby
But lullabies won't help undo
The way I'm tangled up in you
Or help me get to sleep tonight

So if I'm stupid
Well, I'll blame cupid for you and me
'Cause I guess that we belong

You're all that I want, you're all that I need
And you know that I'd give you everything
You're all that I want, you're all that I need
And I know I want you always with me

Hey, you what are, we gonna do about it?
Now that we both feel so good about it
Hey, you what are, we gonna do about it now?

Oh, baby, don't talk about the way I feel
Talk about an easy steal, I was happy on my own
Do you give it up or settle down, give yourself or turn
around
Well, it's you and me I guess that we belong

You're all that I want, you're all that I need
And I know that I'd give you everything
You're all that I want, you're all that I need
And I know I want you always with me
