(written by: Stretch Princess) - (Crunch time)

Swallow down one bitter pill, Found myself a window sill  
I'll try making a really quick escape, if you're not  
listening, I'll try jumping in too deep - I can't let go. I  
told you everything I know I get hooked on everyone I  
see this is the sound of your mouth as I hit the ground  
Oooh! Oooh! you don't think that much of me. I  
satisfied your every need. I'm as shiny as a dirty  
magazine but you don't put them down as much as me.  
Oooh! Oooh!  
Oooh! [falling down on myself] (3x)  
falling down....
