You kiss like a girl
You cry like a baby
You're all over me
You're making me lazy
Your hearts on your sleeve
but you've taken your clothes off
I walk all over you
but you seem to want me to
Oh, you stupid boy...
You're such a stupid boy
Let's turn the lights down low just to see how far you'll
go
Oh, you stupid boy...
You're such a stupid boy
You kiss like a girl
You look like an angel
I'll get over you because you're nothing special
Ah, but I won't be your pretty baby
'Cos I know you want me to
You're here to drive me crazy
'Cos you seem to want me to
It's all you do
Oh, you stupid boy...
You're such a stupid boy
Let's turn the lights down low just to see how far you'll
go
Oh, you stupid boy...
You're such a stupid boy
You kiss like a girl
You cry like a baby
You're all over me
You're making me
Oh, you stupid boy...
You're such a stupid boy
Let's turn the lights down low just to see how far you'll
go
Oh, you stupid boy...
