Oh, to love you to love you not
It makes no difference it's all that I've got
And there's no reason for you to watch
While I wait for you to be perfect, perfectly late

Oh, to have not or to have
You swear on your life it's out of your hands
And there's no peace for the one you left here
Oh, you've perfectly no idea that this never ends

And time and time again
I lose everything
It's funny how it never changes
I'm wrapped around your finger

Love's gentle but love's unkind
You're lost for words and I'm out of time
And there's no comfort that calls me to stay
When your perfect excuses are perfectly made, oh, this
never ends

And time and time again
I lose everything
It's funny how it never changes
I'm wrapped around your finger

Time and time again
I lose everything
It's funny but you'll never change
I'm wrapped around your finger

Oh, to love you to love you not
It makes no difference it's all that I've got
And there's no comfort that calls me to stay
Oh, you're perfect

Time and time again
I lose everything
It's funny how it never changes
I'm wrapped around your finger
