when narrow minds meet they will combine, and bound
by fear they will divide.
but speration can only destroy what's left. insuring the
end of what's true to
me. true to me. in spite of myself i will seclude myself.
in spite of what's right i
will exclude you. as it filters into the heart sad
minds...filters...i watch it die. i
need something to believe in...lift! a fear of what can't
be seen ,building on what
it means...lift!...lift my mind my body and my soul. a
fear of what can't be seen,
barriers - broken!
