The fight for what's right does not lie in closed minds  
Search inside and you will find the answers lie within  
the reach of those who try...  
to live their lives  
Free from hate  
It's time to break... chains that bind  
Hate confines  
Stand as one  
Standing strong  
Make the choice and make it clear  
A voice of one I've got to hear  
We've got to try... to live our lives  
Free from hate  
It's time to break... these chains.... stand as one  
Standing strong  
Standing strong  
Stand as one
