The fight for what's right does not lie in closed minds
Search inside and you will find the answers lie within
the reach of those who try...
to live their lives
Free from hate
It's time to break... chains that bind
Hate confines
Stand as one
Standing strong
Make the choice and make it clear
A voice of one I've got to hear
We've got to try... to live our lives
Free from hate
It's time to break... these chains.... stand as one
Standing strong
Standing strong
Stand as one
