### "Through And Through"

Stepping ground lost, fallen through the sands of time.  
The  
security once known has been stripped back and  
exposed. Strong  
hands which before expressed support have now  
faded from my sight.  
Strong hands scorn my eyes to darken the light...and it  
just  
slips away. It burns. It burns in my heart. I thought I  
knew  
what I was looking for. I thought I knew what I would  
find.  
I thought I knew what would become of me. It feels like  
like  
I knew nothing. Figure it out what's going on. Well in my  
heart I  
know I'm strong. Figure out what went wrong. It feels  
like  
it took too long. Too long!
