"Wish I Knew"

Still hanging on the words from your lips
Still trembling at my fingertips
The end came sooner than expected
It came without warning without mercy
Believe in me you said... you said
Trust in me you pled... you pled
It's all misled
Why did I believe
How could I not see
I wish I knew... so where do I go from here?
Where do I belong?
If not amongst you then with who?
With who?
I wish I knew...
I wish I knew...
I wish I knew...
I wish I knew...
With who
