Light light light in the beggar's cart
Light light light when the trouble starts to weigh
To weigh to weigh to weigh to weigh
Light light light in the beggar's cart
Light light light in the heavy hearts
To weigh to weigh to weigh to weigh to weigh

Fight their future organize this righteous treason
focused faultlines
Scholars of the killing season
War in your head while we wait for answers the poor lie
dead

There is a war in your head
Lined up for the ticket at the store
Then pushed out for the crime of wanting more
Too false too far away to hear:
Decay in the voice of reason
Deceit in the truths to reveal
Then clear the shadows that they will never steal what
we feel

We're marching anti-heroes for a hundred reasons
Parasites the martyrs for their profit margin
War in your head while we wait for answers the poor lie
dead

So you placate an illusion a doctrine of hate
I reject your lies and the murdering state
Deny this fate where but for life and love go I it's not
too late
Our kingdom is the earth and sky deny!

Well we're marching anti-heroes for a hundred reasons
Parasites the martyrs for their profit margins

Light light light in the beggar's cart
Light light light when the trouble starts to weigh
To weigh to weigh to weigh to weigh
Light light light in the beggar's cart
Light light light in the heavy hearts to weigh

to weigh [x9]
