We live in violence, after slumber.
In a vanquish, shoveled over.
Jaded shades to hope onto.
You are many, THEY ARE FEW.
Without a force to question.
The hollow oppressor to public deception.
Through all this time we write...
HUMAN SOLUTIONS!
We're amplified, adrenaline.
Another flag's shadows cover us again.
And on these steps, take back our days.
And when we go go out in a blaze...
We go go out in a blaze!
...HUMAN POLLUTION!
IN A PEOPLE'S WORLD,
WE HAVE THEM RUNNING OFF THE WALL,
IN A PEOPLE'S WORLD,
SEARCHING, SPOILING FOR A FALL,
Searching, spoiling for a fall,
Searching, spoiling for a fall,
It's written in our blood so...
DON'T MISDIRECT your praise,
DON'T MISDIRECT your praise,
DON'T MISDIRECT your praise,
DON'T MISDIRECT your PRAISE,
HUMAN SOLUTIONS!
We're amplified, adrenaline.
Another flag's shadows cover us again.
And on these steps, and certain days.
So when we go go out IN A BLAZE.
we go go out IN A BLAZE
we go go out IN A BLAZE
we'll go go out in a blaze.
