"Round The Wheel"

Visit "[Round The Wheel](#)" on MotoLyrics.com

I've been waiting for the snow to fall
I've been waiting for the snow to fall
I've been waiting for the snow to fall
And cover us all
Yeah, I've been waiting for the snow to fall

I've been watching the moon as it grows
I've been watching the moon as it grows
I've been watching the moon as it grows
And shines down below

I've been looking deep into your eyes
I've been looking deep into your eyes
I've been looking deep into your eyes
You'll never be mine

I've been waiting for the snow to fall
I've been waiting for the snow to fall
I've been waiting for the snow to fall
And cover us all
Yeah, I've been waiting for the snow to fall

I've been spinning 'round the wheel of life
I've been spinning 'round the wheel of life
And I made one more night
Yeah, I've been spinning 'round the wheel of life

I've been spinning ?round the wheel of life
I've been spinning ?round the wheel of life
and I made one more night
Yeah, I've been spinning ?round the wheel of life"
