"Lovin' You So"

And in my heart there's love for you
It's deeper than any ocean blue
Oh baby, love's so right
Truly above the sky, whoa
Taking the feelings baby I feel
Used to ride around and chill
Baby, in the stars is a place we find
To find the special paradise
Love's in bloom
Because you feel this too, whoa
Baby your love's a blessing
Sent from heaven down for me to have it
And when all the dark clouds come out
Just call on you because you baby are so loved
I'm loving you so
I'm loving you so
I'm loving you so
I'm loving you so
Baby love's like I'm flight
With your love the sky high
Repeat 1 (til the end of song)
